The PSNI seized a remote controlled robot that was designed to distribute abortion pills with the support of two providers, Women on Web and Women on Waves.

According to the *Belfast Telegraph*, Eleanor Crossey Malone, from socialist fem movement Rosa, was one of those who took the pill in front of television camera

She said: "I have taken this in defiance of the extremely outdated, mediaeval, an choice laws that exist in Northern Ireland.

"We are not willing in the wake of the repeal referendum to be left behind any lo

"Northern Ireland after repeal will be one of only two jurisdictions remaining in E to criminalise women effectively for having abortions.

"We are not willing to accept it any more."
